LARGE CROWDS ARE PRESENT SUNDAY AT TABERNACLE

EVANGELIST JOHN E. BROWN GIVES PRACTICAL GOSPEL ADVICE TO AUDIENCES

Tuesday, 10 a. m.—Subject, "The Spirit Filled Life."
Tuesday, 7:30 p. m.—Subject, "Tragedy of Neglect."

The tabernacle meetings are growing in attendance, interest and power. The audiences all day yesterday filled the large building. And at the evening service many stood. The singing was excellent both by the choir and congregation.

The messages by Evangelist John E. Brown were of a practical gospel type, earnestly delivered and listened to with marked attention.

The evangelist evidently believes that the church is not up to the high standard that it should occupy, for so far the main part of his messages have been to the church constituency, pointing out both their duty and privilege as co-laborers with Christ. Saturday evening his topic was: "King David's Rathens." Text, the testimony of King David. "I would rather be a doorkeeper in the house of the Lord than to dwell in the tents of wickedness."

The address was a plea for whole-hearted Christian service, and the resulting joy and peace which transcend and eclipse all forms of worldly pleasures. At this service the evangelist took time to publicly thank the carpenters who had devoted their labor in making extra seats, the city manager and firemen who attended to laying the dust at the entrances by sprinkling them and also made special mention of the generosity and assistance of the newspapers.

Tribute to Newspapermen

He urged support for the papers by subscribing and saying: "If any of you owe them anything go in and pay it. I dabbled a little in the newspaper business myself and know some of the trials of the trade. If any class of men deserves to go to heaven on their works, it is the newspaper force. But if they depend alone on their works, I fear they will never get there."

The 11 a. m. Sunday service was the combined congregations of the united churches. The message was specially designed for believers. Topic, "Influence." Text, the declaration of the great apostle, Paul, "If meat maketh my brother to offend I will eat no flesh while the world standeth."

The evangelist made a most earnest plea for each one to consider how important a force influence is. Both the conscious and unconscious influence that we daily exert in the home, at our work, on the street and everywhere that we meet our fellow-men. Urged upon them the thought that selfishness is the essence of Christianity.

"And the wasted influence is the greatest crime of the churches today," he said. "To possess this helpful influence the Christian should subordinate everything to advance the interest of Christ and the church. Not make the church play second fiddle to anything else. The man or woman who says 'It is no one's business; I can do as I please,' talks as a fool. You have no such right unless you live on an island like Robinson Crusoe with only goats as companions."

Afternoon Session

At 2:30 o'clock another large audience promptly filled the tabernacle to hear the advertised topic, "Cain's Wife." It was a logical and scholarly discussion concerning the Bible and its revelation to man.

LOCAL MEN ATTEND LUMBER DEALERS' CONVENTION

MESSRS. BENTLEY PRESENT AT MEETING OF ORGANIZATION IN FRESNO THIS WEEK

George H. and J. Roger Bentley, with their wives and father, John Bentley, have gone to Fresno, where they are attending the annual convention of the Western Retail Lumbermen's association which is in session on Monday, Tuesday and Wednesday of this week in the Raisin City. The meeting closes with a banquet on Wednesday night.

The Messrs. Bentley expect to get many ideas along merchandising lines which they will use in connection with the thriving business of the Bentley-Schoeneman Lumber company, 460 West Los Feliz Road.

Already this firm has made use of many means in the upbuilding of the residential and business sections of Glendale through a campaign of advertising and service initiated seven years ago.

Real Service Is Given

The Bentley-Schoeneman company maintains an architectural department and estimates the cost of construction for its patrons as a part of their complete lumber sales service and in days gone by they marketed "Bentley Better Built" homes when others did not have the confidence in Glendale's future.

Their lumber business has grown to such an amazing extent, however, that they are now exclusively offering their services to the investors who are building and co-operating with those who do not have sufficient money to stand alone in getting a loan.

Mr. and Mrs. H. B. Miller Entertain For Friends

Mr. and Mrs. Homer B. Miller of 434 West Burchett street entertained a number of their friends Saturday night at a party in honor of Mr. Miller's birthday. The beautiful home was fittingly decorated with an artistic combination of Cecil Brunner roses, sweet peas and Japanese lanterns.

The evening's entertainment consisted of games and dancing, after which a delicious midnight luncheon was served. Those who enjoyed the hospitality of Mr. and Mrs. Miller were Mr. and Mrs. Oscar Whitaker, Mr. and Mrs. Frank Johnson, Miss Nell Miller, Miss Florence Farnlow and Verden Smith of Los Angeles, and Mr. and Mrs. Walter Trautwein, Miss Leila Whitehead and Ray Whitehead.

More than 100 members of the general science classes of the Glendale Union high school on this coming Saturday in company with their friends will go by motor truck to Sierra Madre and will enjoy the day at Camp Roberts and the Big Santa Anita falls where they will collect specimens for classwork.

The crowd will be properly chaperoned with teachers and parents, according to Professor Alfred Cookman of the science department. It will be quite an outing on the slopes of Mt. Wilson for all, he says.

LOCAL MISSOURIANS TO RALLY

Glendale residents who formerly claimed Missouri as their home expect to hold a rally next week preliminary to two centennial celebrations, the first to be held at Long Beach, Saturday, May 14, and the second at Lincoln Park in Los Angeles on July 9. It is expected that Missourians from every point south of the Tehachapi will unite in these celebrations which mark the state's one hundredth birthday. It is estimated that there are 125,000 from the "Show Me" state in southern California.

Thursday will be Glendale day. The Madrigal club will furnish the music and Richardson D. White, superintendent of Glendale city schools, will speak on "Reading for Mothers." Thursday morning will be taken up with reports of officers of the district. Thursday afternoon reports of the federation presidents will be heard.

Mrs. John Robert White will report for Glendale. Dr. L. B. Rogers, dean of education of the University of California, will give an address on vocational guidance.

Music for the convention will include community singing, led by Arthur Babcock; a group of songs by the Madrigal club of Glendale, and vocal numbers by Mrs. R. E. Oliver of Long Beach.

Election of officers will take place Friday. The polls will be open from 9 o'clock to 1 o'clock. Glendale is entitled to about ninety delegates.

Mrs. Cora S. Taylor, Age 54 Years, Called

Mrs. Cora S. Taylor, age 54 years, who had been a resident of Glendale for twenty-three years, passed away at her home, 356 West Lexington drive, Sunday morning, April 24, at 4:30. Owing to ill health she resigned her position as principal of the Columbus avenue school two years ago. She had served in this capacity for a period of about twelve years.

Mrs. Taylor is survived by her husband, F. F. Taylor, whose business takes him to the west coast of Mexico, where he is at present; two sons, R. C. MacLennan, her twin sister, who had been making her home with Mrs. Taylor; and Mrs. Helen S. Dearborn of Loomis, California.

Today's World News In Brief

(By United Press to Glendale Evening News)

TRIPLE ALLIANCE DEFINITELY SPLIT, ASSERTS LEADER

LONDON, April 25.—The triple alliance, Great Britain's most powerful labor organization, is definitely split, according to A. J. Cooke, a leader of the miners' union. In a speech here Cooke declared the miners will not return to the alliance until it has been remodeled and reorganized. The split came when the railway and transport workers refused to strike to support the miners in their wage demands.

'STRIKE GERMANY WITHOUT WARNING,' URGES PREMIER

PARIS, April 25.—"Strike Germany and strike without warning," was Premier Briand's demand in his conference with Lloyd George at Hythe, it was learned today. Briand argued that Germany had been handled too gently heretofore and that the allies should proceed now to exact penalties from her as an enemy country. He found Lloyd George willing to proceed with occupation of the Rhineland but the British premier suggested that another note should first be sent to Berlin.

TWO MEN FOUND DEAD, SHOT, IN OVERTURNED AUTO

LOS ANGELES, April 25.—Bodies of two well dressed men, one shot through the heart and the other wounded three times in the abdomen, were found in an overturned automobile here today. Letters in the clothing of the two indicated they were Dr. Joseph M. Durand, a dentist, about thirty years old, and Myron G. MacCauley, about twenty-five. The supposed MacCauley had rented the car last night from a garage. Police were attempting to determine whether the men had shot each other or whether both were killed by a third person. In the wreckage of the car was an automatic pistol.

TWO WOMEN KILLED TRYING TO ESCAPE FROM HOSPITAL

SAN FRANCISCO, April 25.—Two women are dead today as a result of an attempt to escape from the isolation ward at the city and county hospital where they were held on vagrancy charges. Eunice Badino, aged twenty-eight, was killed instantly and Jean Davis, aged thirty, received injuries from which she died two hours later. The women were held on the fourth floor of the hospital. They made a rope from bed sheets and were lowering themselves to the ground when the sheets parted.

CONFIDENCE IS SHOWN IN N. Y. STOCK MARKET OPENING

NEW YORK, April 25.—Foreign developments induced confidence among stock market traders at the opening today. Sterling was higher than at any time since last July and the general situation induced firmness. Oils and steels were the feature of the opening. Mexican Petroleum opened 1 3/4 up at 153 1/2 and quickly went to 154. United States Steel was up 1/2 at 84 1/2 and sold later at 84 3/4. Crucible led the independents, selling at 81 against last week's low of 74. Tire shares were higher with Kelly Springfield making a new high on the move at 44. Studebaker was unchanged at 86 7/8. Rails were fractionally higher. The industrials hesitated for a time, but gradually moved upward. Studebaker ran up to a new high for the year at 89 5/8. Chandle kept up with the leaders with a new high for this year at 85.

TARIFF WAR AGAINST UNITED STATES BEING PREDICTED

WASHINGTON, April 25.—Tariff wars will be waged against American manufactured products by half a dozen countries as protests against the Young emergency tariff bill, trade representatives here indicated today. Retaliation against the emergency measure, virtually harrasing imports of wheat, wool, meats and other agricultural products, is expected from Canada, Australia, South Africa, Argentina and other South American countries. At the same time American foreign trade with Italy, Germany and central Europe will be greatly disorganized and reduced by the exchange adjustment features of the bill, according to arguments made to the senate finance committee. Argentina practically has served notice that she considers the proposed tax on import wheat and meats as tantamount to closing the American market to their staple products.

ALLIED COUNCIL ADJOURNS WITHOUT GERMAN OFFER

HYTHE, England, April 25.—The allied conference here adjourned today without having received Germany's latest reparations offer. Premier Lloyd George waited until 11 o'clock for the message and then left for London. Premier Briand at noon motored to Dover to take a channel boat. The two officials had understood that copies of the German note, addressed to the United States, would be sent them. Their next opportunity for direct conferences will be at a meeting in London next Saturday. If Lloyd George has disposed of the British coal strike by that time, the session will be held in Paris. The premiers understood that Germany will offer a total of 50,000,000,000 gold marks and that they will propose new plans for the reconstruction of ruined French towns. It was believed also that the German note will include a request for an international loan to help the country meet its first payments.

FINISH FIGHT ON RADICALISM IN ITALY UNDER WAY

ROME, April 25.—Italy's finish fight on radicalism began today. Tickets for candidates at the preliminary elections to be held May 15, closed today. The issue was to be fought out by the constitutionalist parties in coalition against the radicals. The defeat of the socialists was practically made certain when the other parties merged, but the coming three weeks of bitter campaigning are expected to bring bloody clashes. The constitutional parties have the support of the fascists who admittedly are a dominating element. The populists, or clericals, apparently will run second to the coalitionists and following them will come the republicans, communists and socialists. The socialists succeeded in filling tickets in only a few districts where the fascists are not strong. The socialist congress which meets May 5, is expected to declare the party will not participate in the campaign. The party leaders are expected to order the resignation of its 2200 municipal and twenty-four provincial administrations in Italy. It is believed that the socialists will endeavor to elect candidates in Rome, Milan and Leghorn to form a small block to join the other group to demand immediate dissolution of the new chamber on the ground that it represents only the bourgeoisie.

HEAVENLY GUESTS, IS TOPIC OF SERMON BY DR. H. C. FUNK

TRANSFIGURATION SCENE IS
WORTHY OF BEST EFFORTS
OF ARTIST, HE SAYS

Dr. H. C. Funk, of the First Luth-
eran church, speaking Sunday from
the text of Matt. 17:8, said:

"The transfiguration scene is wor-
thy of the best efforts of any artist
of renown; but the view that must
have been of surpassing beauty, and
beyond compare, is that which is re-
corded in our text for the morning.

"At first, the record is, Jesus took
Peter and James and John his
brother, and bringing them to a high
mountain apart and was transfigured
before them. Let us pause in con-
templation of the characters in this
wonderful scene. On the one hand
stood Moses who had been transport-
ed to the heavenly realms more than
1500 years before; and yet the text
declares that Moses and Elias ap-
peared with Jesus, talking with him.
In our study this morning we shall
consider only the phenomena of
Moses whose mysterious presence is
revealed.

"Among those men who have ac-
ted the most important parts in the
development of the world's history
a high position must be given to this
hero, for he was the greatest and
most prominent character of antiqui-
ty. He came upon the scene of the
world's activity at the time of a great
crisis. A dynasty had come into
power that was bitterly opposed to
the children of Israel. The Shepherd
Kings had been driven from their
thrones; yet the Egyptian ruler com-
plained that the children of Israel
are more and stronger than we. Be-
cause of this spirit of jealousy the
practice of persecution was the one
to which they resorted to crush the
spirit of the Hebrew slaves by im-
posing difficult tasks and exacting
the most unjust demands from them.

Gains in Strength
"Yet, strange to say, notwithstanding
these remorseless and despotic
methods Israel continued to multiply
and wax stronger. Then came that
inhuman edict commanding that ev-
ery male child should be cast into
the river at birth. At such a time
Moses was born, descended from the
tribe of Levi.

"The beautiful story of his con-
cealment among the bulrushes for
three months is one of singular pa-
thos; somehow we never weary of it.
Having been adopted as the son of
Pharaoh's daughter he is reared an
Egyptian. A division of his life nat-
urally falls into three periods of for-
ty years each. In the first, as the
son of Pharaoh's daughter, he re-
ceives his intellectual training. They
were forty years of luxury, of study,
of power and honor. But what was
the good God doing during all these
many years? The answer is, prepar-
ing a mighty man to deliver his peo-
ple.

"Ah, yes, you say he was certainly
well fitted to go forth as their
leader. No, not yet; he was still too
impulsive, too inexperienced. So it
was that at the age of 40 years an
incident occurred that changed the
whole life of this marvelous man.
Seeing an Egyptian overseer smiting
an Israelite, Moses filled with in-
dignation slew him and fled to the
desert of Midian, that 'great and ter-
rible wilderness.' Here's an Arab.
Moses spends 40 years; marries one
of Jethro's daughters; and again the
wisdom and providence of God is
shown during these years in the wil-
derness where he received the spiri-
tual training that gave him poise,
patience and power. As a military
general he would now be well ac-
quainted with every foot of the way
in the wilderness through which the
enslaved nation must be led to be
delivered from bondage.

Appeared in Glory

"We have not the time this morn-
ing to follow them in their wander-
ings; to speak of their impatience,
of their forgetful and rebellious dis-
positions; of the many miracles, the
mysterious manna from heaven, the
pillar of cloud by day and of fire by
night. We have only time to say
that in this wonderful vision they
saw Moses the meek; Moses the law-
giver; Moses the first and greatest of
the Old Testament prophets; Moses
the type of Christ.

"These heavenly guests appeared
in glory. Their bodies had been
transformed; the carnal had been
supplanted by heavenly bodies; yet
they had not lost their identity. They
were still Moses and Elijah, with
their grand personalities not lost,
but glorified."

Police Take Sick Man To Local Sanitarium

pital for treatment.

ids bank.

Threaten Revolt When Refused Financial Aid

MEXICO CITY, April 25.—Thirty
thousand men in the state of Coahuila
will join the revolution now
threatening unless the Mexican govern-
ment provides the cotton growers
with further financial aid, a delega-
tion informed President Obregon.

The finance ministry had offered
the growers a loan of eighty per cent
of the value of the crop, but has only
paid twenty per cent which has pro-
ven insufficient to continue work in
that region. The growers asked Ob-
regon to direct the finance ministry
to advance the remaining sixty per
cent, declaring that laborers in Co-
ahuila are tempted to join the revolu-
tion—said to be set for May 5.—the
national holiday, owing to lack of
employment.

Official advices received here
stated that Pablo Gonzales, generally
regarded as the head of the new rev-
olutionary movement had arrived at
a point ten miles west of Laredo,

lieved that this was a pretext and
that his real object was a conference
with other revolutionary generals.

BETTER FUTURE, IS REV. CALDERWOOD'S TOPIC ON SUNDAY

MUST WORK FOR IT, HE SAYS
IN SERMON; TRIBUTE TO
WORK OF EVANGELIST

Rev. C. M. Calderwood preached
on "A Better Future" at the Congre-
gational church yesterday morning.
In his remarks he paid a tribute to
the work of Evangelist John Brown.
He said that Mr. Brown's gospel was
good and his methods wise. He urged
his congregation to hear the evangeli-
st and to assist in the campaign. In
his sermon Mr. Calderwood said:

"A better future has been the
dream and hope of most thinking
men since the world began. The most
of us realize that we will have to
work for it and that it is worth
working for. We should get away
from the idea of world stagnation
and 'perpetual recurrence.' The
method of the world is progress and
its end is the good. The more we
study the world's history and the
more we apprehend the revelation of
God, the surer we are of this. But
we have been given wills and powers
and we can hold back or push for-
ward the plans of God.

"Last Sunday I closed my sermon
by saying the progress is not auto-
matic. The world will not right it-
self. 'That which is born of the
flesh is flesh.' If we sit idly by we
must not expect progress. Progress
waits for effort. We need not fatal-
istically submit to evil.

"This is not a perfect world, but
there is a possibility of making it
so. Was Isaiah in a trance when he
prophesied a better future? Had
Jesus lost his divine wisdom when he
proclaimed the coming of the
Kingdom of God? 'God sent not his
Son into the world to condemn the
world, but that the world through
him might be saved.' If we believe
that the world is to be damned or
that it is not to be better, it must
be that we have lost faith in the di-
vine leadership of Jesus Christ.

"Let the world go and it will not
progress. Devolution is as much a
law of life as evolution. Let things
go and they go backwards. Use ef-
fort and they go forward. The
making of a better world waits for
our effort. God has left some things
for us to do.

"St. Paul reminds us that creation
groans with pain until now. He
means that creation bears within it-
self the life that is to be. Tomor-
row's creation is in today's world. In
the past each new age has been born
out of its past. Each age has been
within itself the life that was to
follow.

"Tomorrow's future is wrapped up
in today. Today the world is groan-
ing with the new life that is to be.
But, the earnest expectation of the
creation waiteth for the revealings of
the sons of God.' The new creation
is waiting for the sons of God to re-
veal themselves. Who are the sons
of God? 'As many as are led by the
spirit of God; they are the sons of
God.' Without the sons of God the
whole creation stops in its progress.
God's final work is done through His
sons. We are made partners of God
in his creation.

"A better world is waiting to come
into being, but it is waiting for the
revealings of the sons of God. The
Kingdom of God will come when we
want it and all work for it. God in
his creation waits for man for some
things. We have a divine task. The
whole world has been waiting and
groaning and suffering in pain for
the revealings of the sons of God.
The new birth of the world is wait-
ing for a new birth of the sons of
God."

DOCTORS GIVE OUT VISITORS LOSE TO OPEN LETTER TO LOCAL PUBLIC LOCAL ELK TEAM; SCORE, 13 TO 3

PROPER INTERPRETATION OF OSTEOPATHIC BILL NOW BEFORE LEGISLATURE

The following communication, ad-
dressed to the public, is self-explana-
tory:
To the readers of this paper, and
friends of osteopathy in this vicinity:
We wish to inform you that an arti-
cle appeared in a local paper that
was rather misleading regarding As-
sembly Bill No. 1055, pertaining to
osteopathic legislation in this state.
First, pertaining to a separate
board that would create another
commission. THIS IS INCORRECT.
To prove this point reference is
made to Section 4 of Assembly Bill
No. 1055, which provides that this
act shall be administered by the leg-
ally constructed authority for the ad-
ministration of medical laws; the
original bill created a separate
board. This amendment was made in
order to place this act in line with
any re-organization or consolidation
plan, which may be effected by this
legislature. If no reorganization is
effected, this act will have to be ad-
ministered by the State Board of
Medical Examiners.

Standard Is Raised
Second, pertaining to the standard
of education of osteopaths. This
new bill DOES NOT LOWER BUT
RAISES THE STANDARD OF ED-
UCATION, and there will be better
and more thoroughly equipped osteo-
pathic physicians and surgeons in the
field. To prove this point reference
is made to Section 8 of Assembly Bill
No. 1055, which sets forth the edu-
cation necessary before an applicant
can be examined for the osteopathic
physician's certificate, and stipulates
that an applicant for an osteopathic
physician's and surgeon's certificate
must have had all the college work
outlined, viz: four years' high school
work and four years' college work in
a legally chartered osteopathic col-
lege course embracing 4237 hours,
plus two years of practice as a phy-
sician, one year additional college
work in major surgery, and one
year's service as an interne in a hos-
pital doing major surgical work.

Eight Years Required
As a summary of the requirements
you see it is necessary for an appli-
cant to have spent eight years before
he will be permitted to take an ex-
amination for an osteopathic phy-
sician's and surgeon's certificate to
practice his profession.

The idea of this bill is not to al-
low osteopaths to attempt to do sur-
gery until they are properly qual-
ified.
We consider this the correct in-
terpretation of Assembly Bill No.
1055. Yours respectfully,
The osteopathic physicians and sur-
geons of Glendale and vicinity.

Little Church Around Corner To Be Aided By Glendale Theatre

built by the Rev. Neal Dodd
for the motion picture and
theatrical people of Los Angeles
in Hollywood, will get 75 per
cent of the net receipts at the
Glendale Theatre on Thursday,
May 5, Manager William Howe
announces.

An appeal has been sent the
pastors of all of the churches by
the Rev. Mr. Dodd to get their
support for the movement to
build his church from funds pro-
vided by the theatre's associa-
tion in Southern California, Ari-
zona and Nevada, as all have
agreed to give the proceeds of
one day's performances outside
of a limited operating expense.
The Sponsors, a super-fea-
ture, will be shown here Thurs-

Woman Pours Oil On Dress, Ignites, Dies

SAN DIEGO, April 25.—Mrs.
Michael Madden, of this city, is dead
today, as the result of a spectacular
suicide. Pouring oil from a lamp
over her clothing she ignited it with
a match and was horribly burned.
Her husband dashed water over her
and she was hurried to a hospital
but died from her burns a few hours
later. Ill-health is believed to have
been the reason for her act.

It must be provoking to a grocer
to learn that a man who owes him a
large bill was robbed of more than
his claim.

'BULLET' BILL BOLIN IN FINE FORM AND EASILY HANGS UP NEW METHOD STICKERS

Celebrating their opening appear-
ance on the new Glendale athletic
field the local Elks' baseball team
yesterday afternoon trounced the
squad representing the New Method
Sewing Machine company by the
overwhelming score of 13 to 3. Al-
though the weather was not ideal
from a baseball standpoint on ac-
count of the brisk wind that blew
all afternoon, it failed to keep several
hundred enthusiastic rooters from
attending the contest.

The Elks started things off in the
first inning by scoring a lone marker
on hits by "Mar" Doll and Crane.
Things went along at a standstill then
until Glendale's half of the third,
when a fusillade of base hits netted
seven runs for the clubmen. The
turning point came when Louie Ga-
baig, with two outs and the bases
full, picked out one of Hurler Ge-
yer's fast ones for a clean double to
deep center. Three hits in rapid-
fire succession followed. Gabaig's
clout, and from that time on Glen-
dale was never in danger.

"Bullet" Bill All There
Special mention should be given
"Bullet" Bill Bolin, the speed ball
pitcher of the Elks. The eight hits
garnered off his delivery were well
scattered, and he was never in dan-
ger. Besides having almost perfect
control he further scintillated by
causing twelve of the New Method's
batters to fan out, thereby increasing
the velocity of the already strong
breeze.

The addition of Gabaig, Flanders
and Crane, former players on the
recently disbanded Glendale Mer-
chants aggregation, has practically
"made" the team, and from now on
the purple and white clad athletes
will prove stiff opposition to other
Southern California semi-pro artists.
In yesterday's conflict these three
"additions" connected for a total of
nine safes.

Coast League Conflict Very Little Changed

SAN FRANCISCO, April 25.—A
lot of things happened in the Pacific
Coast League during the last twenty-
four hours, but in the main, the gen-
eral aspect of the pennant race was
little changed today. Here are some
of the things that came to pass:

Portland won a double header
from the Bees, 6 to 5 and 5 to 4. It
took eleven innings to decide the
first game.

Jack Knight and Sam Crawford
each got home runs in the second
game between the Oaks and the An-
gels. The Oaks took the morning
game 8 to 6 and the Angels won the
afternoon game, 5 to 3.

Vernon and San Francisco split
even on a double header. Vernon
won the first, 7 to 6, and the Seals
the second, 3 to 1.

Sacramento and Seattle took the
honors for playing extra innings.
Their second game went twelve
rounds before the Solons won 3 to 1.
Sacramento also took the morning
game, 5 to 2.

Eddie Roush Retires; \$20,000 Refused Him

CINCINNATI, Ohio, April 25.—
Eddie Roush, star outfielder for the
Cincinnati Reds has "gone back to
the farm," after failing to agree with
the club officials on terms. Roush
wants \$20,000 a year for three years
and the club wants to give him \$16,000.

Hod Eller, pitcher, has been in-
definitely suspended for failing to
get into condition.

Hurls First Perfect Contest This Season

JERSEY CITY, N. J., April 25.—
Harry Biemiller, with the Wash-
ington Americans last year, pitched the
first perfect game of the season Fri-
day. Hurling for the Jersey City
Internationals, he let Buffalo down
without a hit or run, winning the
game 1 to 0.

Watching Scoreboard

Yesterday's hero—George Kelly
again. The Babe Ruth of the Na-
tional league tripled in the sixth in-
ning and drove in a run giving the
Giants a 1 to 0 victory over the
Phillies. Douglas allowed but one
hit.

Babe Ruth fell down in the eighth
chasing O'Rourke's fly with two on
and Washington capped a game from
the Yankees, 3 to 1.

Deal's single in the ninth enabled
the Cubs to beat the Cardinals, 8
to 7.

Bayne and Cullop didn't have a
thing and Cleveland beat the Browns,
6 to 5. The Indians are in first
place.

Babe Adams won his first game of
the season beating the Reds 7 to 2.
Rixey was knocked off the mound
by the Pirates.

Al Mammaux struck out six men in
three innings—the only interesting
feat in a game in which Brooklyn
beat Boston, 12 to 6 after overcoming
a four run lead.

Hooper and Heilman made home
runs, Detroit beating Chicago 7 to 3.

New Building Record Looms
Prospects are that April may set a
new high monthly building record
for Los Angeles, according to the
Southwestern Builder & Contractor.
Up to and including the 19th the
number of permits issued by the city
building department was 1835 and
the estimated valuation \$4,880,464.
This is slightly in excess of the cor-
responding period in March for
which month the total valuation was
close to seven millions. With per-
mits for a large volume of business
pending and likely to be issued be-
fore the end of the month the April
total may run to seven or even eight
million dollars.

Doug Fairbanks Film Now At Palace Grand

A comedy with heart interest; a
love story with appeal; a tale of mad
adventure; a chronicle of conflicting
emotions set forth in a human way
and highly seasoned with spectacular
stunts and astounding novelties—
such a story has Douglas Fairbanks
presented in his fifth United Artists'
production which opened yesterday
at the Palace Grand Theatre for a
three-day run.
This decidedly different picture
can be characterized as an obstacle
race for the heart of a maid. It is
fittily named, for the hero, madly
in love with the girl who lives in the
same apartment house with him, so
loses his sense of proportion that he
easily deserves the appellation of "The
Nut."

He is admirably supported by Mar-
guerite De La Motte, as the feminine
lead and William Lowrey as the vil-
lainous gambler. The work of other
members of the cast is equally com-
mendable, especially that of Barbara
La Marr, whose seductive charm adds
considerable to the picture.

"Naughty Mary Brown," a most
surprising film also is on the pro-
gram while the Palace Grand orches-
tra features "Morning, Noon and
Night" as its overture. Other popu-
lar numbers are "Now and Then,"
"My Cuban Dream" and "Sunshine."
Remember that "The Nut" is the fea-
ture again tomorrow.

Financial Demands Of Shipping Board Scored

WASHINGTON, April 25.—Af-
fairs of the shipping board are in
such a muddle that President Har-
ding should appoint the biggest busi-
ness man he can find to put the
board on a profit-making basis, Rep-
resentative Good, Iowa, chairman of
the house appropriations committee,
said today. Good sharply attacked
the action of the board in making re-
quests for two more big appropria-
tions totaling more than \$170,000,000.

"I cannot understand how a cor-
poration with assets of more than
\$2,000,000,000 and a greater corpora-
tion than the United States Steel
corporation cannot be run at a small
profit at least," said Good. "The
board would have been bankrupt
long ago had it not been for the huge
appropriations from the treasury."

Execute Thomas Tranor For Slaying Policeman

DUBLIN, April 25.—With the
sound of hymns rising about the
grim walls of Mount Joy prison,
Thomas Traynor was executed here
today for killing a "black and tan."
Thousands of men and women gath-
ered about the prison at dawn. Tray-
nor was convicted of killing the po-
liceman on March 14.

The prisoner's brother was permit-
ted a last visit. As he emerged from
the gates, shortly before the execu-
tion was to take place, the crowds
surged about him.

"Thomas wants you to fight on,"
the brother said. "He doesn't want
you to fight to avenge him, but just
fight for freedom."

There was no disturbance and the
crowds melted away when the prison
bell told them that Traynor was
dead.

REPORT ISSUED BY ELDER CHRISTIAN ON 1920 WORK

PRESIDENT OF SEVENTH-DAY
ADVENTISTS COMMENTS ON
FINE SHOWING MADE

Members of the Pacific Union Conference of Seventh-Day Adventists, of which Elder J. W. Christian, of Glendale, is president, gave \$624.983.70 in tithes during 1920 and \$264,736.70 toward foreign missionary endeavor, according to a report just issued by President Christian.

"Besides this," he says, "we re-mitted to the Foreign Mission Board in specific funds and special ap-plications \$25,030.47. "But better than silver and gold given is the ability to assist in an-swering the many calls for the living missionary from the far-off lands where the light of the gospel is just entering. During 1920 the record shows forty-six families or single workers who have responded to the call from foreign lands, totaling ninety-eight persons. These are like golden threads which bind us to the vast needy fields beyond the seas and draw mightily on the heart-strings to give of our best to hasten the finishing of the gospel. Besides these we have shared with other fields in the homeland in exchange of workers where needs seem great-est.

Increase in Numbers
"During the last year there has been no large overtopping tent or ball effort in our union, though a number of strong efforts have been conducted. We can report a total of 898 as identifying themselves with the advent movement, receiving bap-tism and joining our churches.

"There is much to encourage us in the work of the gospel. The land-marks that make us a distinct de-nomination never were clearer, and each passing milepost tells us we are nearing the end of the way. While we are not unconscious of the efforts on the part of the enemy of truth to tear apart and destroy, yet we find comfort in recognizing the hand of God reaching out in our behalf. Surely we are in the time of the 'latter rain,' and God is richly blessing His people. A spirit of unity and Chris-tian fellowship marks the relations of the workers throughout the field. Our hope is in God; to Him be the glory and praise for the faithfulness of His children in every Christian ac-tivity, and for the results seen."

Harvard Street Shows Investors Opportunity

With the thousands of people at-tending the John E. Brown revival meetings at the tabernacle at Orange and Harvard streets, the possibilities of the many vacant lots in that close-in section have been noticed and al-ready several investors are reported as having paid substantial prices for property which is ideally situated for apartments or business property. It is understood that the firm of Endicott & Larson has bought in this section adjacent to Brand bou-levard's business district and, accord-ing to others who have property there it is very desirable from a standpoint of building for income.

David Butler Picture At Glendale Theatre

"Girls Don't Gamble" is altogether satisfying and a humorous photoplay, unique in its treatment and novel in its theme. "Girls Don't Gamble" was adapted for the screen from the story by George Weston under the title of "Girls Don't Gamble Any More," which ran in the Saturday Evening Post. It appears for the last times today at the Glendale Theatre.

David Butler is particularly good as Jimmie Fisher, the hero truck driver, and the Misses Field, Haines and Knowlton are very good as the daughters of Wilbur Rathbone.

There is plenty of action through-out the picture and a love theme which is both humorous and serious. The photography is very good. Sets and locations are well chosen and the direction by Fred J. Butler is worthy of special comment. The picture is suitable for any audience and will amuse and interest everyone.

The latest Pathe News, Topics of the Day, and the sixth episode of "The Son of Tarzan" are also on the pleasing program, while Madame Clement tonight will play "Mother Machree" as the special organ num-ber. Tomorrow "The Good Bad Wife" is the feature film.

An air flight to high altitude as prescribed by an army physician re-sulted in restoring the power of speech to a former soldier, who for eight months had been unable to speak above a whisper.

All the gold coin in circulation would weigh about 900 tons.

I. O. O. F. MEETING

Glendale Lodge No. 388 meets every Thursday night at 8 o'clock at 111-A East Broadway. A hearty welcome for visiting brothers and newcomers.

San Fernando Valley

Increasing Demand for Beans

Bean growers in the vicinity of Van Nuys are feeling encouraged over the shipment of five carloads of baby limas last week. As there is an increasing demand, many of the growers believe that a greater part of the 1920 crop will be moved be-fore the new crop is harvested.

Title Company Is Incorporated

The San Fernando Valley Torrens Title company has been incorporated at Burbank with a capital stock of \$10,000. The directors are W. C. Fisher, who is widely known in Glen-dale, J. R. Binford and Mary Keith, all of the neighboring city.

Sugar Beet Acreage Is Doubled

From the records of the American Beet Sugar company in their Van Nuys office, the indications are that there will be approximately 2500 acres of sugar beets planted in the San Fernando valley this season which is about double the acreage in 1920. Sugar beets have been grown in the valley since 1911.

Burbank Postoffice Is Growing

Burbank's postoffice will be in the second-class after July 1, it is an-nounced by Mrs. Effie Lawrence, postmaster. Another city carrier will be added to the force. The inspector who recommended these changes was surprised at the growth of that city. Wonder if the "inspector" ever vis-its Glendale.

Crisp Lettuce Is in Demand

San Fernando valley lettuce is commanding attention among the market men, according to William Burr of the Ryan Fruit company who visited San Fernando. He be-lieves it possible to receive 50 cents or \$1 more a crate for the local product on account of its crispness. This can be done, it is said, if growers refuse to cut their lettuce before it is ready to harvest.

Organizers Meet with Defeat

The American City Bureau met de-feat in its endeavor to successfully organize the Burbank Chamber of Commerce after one of the stormiest campaigns in the history of that city. After an election of officers and set-tlement for the work they did, the organizers have left Burbank to shift alone.

Valley Demands State Aid

Long Beach is fighting the Pacoi-ma dam project with a view of get-ting the money to be spent by the state for themselves. All of which has stirred up the San Fernando Valley Chambers of Commerce and other civic organizations which feel that this section of the county should get some benefits from state govern-ment.

Odd Fellows in Celebration

The San Fernando Odd Fellows celebrated their anniversary of Odd Fellowship all day Saturday with the lodges from Van Nuys, Lankershim, Burbank and Lancaster joining in the festivities. A banquet and ball game were features of the affair.

Strawberries Are Being Harvested

The strawberry harvest has opened in the Van Nuys district and some choice luscious berries are being shipped out. The ripening has been retarded somewhat by the cool weather, but from now on the berries will be plentiful and strawberry shortcake is now being served in Glendale cafes.

Another Industry for Burbank

The Newcastle Stamping Works will move its plant from Pennsylv-ania to Burbank and under the name of the American Aluminum-Metal Works it will operate from Los Angeles. There are 200 different articles to be manufactured at the proposed half million dollar plant. The purchase was made in a large part by George L. Patterson, an eastern capitalist, and William Dursten who has been the advance representa-tive of the industry. The names of George Mittinger and A. Roy Knabenshue are also mentioned as holders of stock.

Mexican Government Buys Swine

The Maxwell and Penfield ranch near Lankershim was visited last week by officials of the Mexican gov-ernment who are in the market for California's thoroughbred swine which, it is believed, will encourage better stockraising in the southern republic.

Predicts 4 Cents for Potatoes

Four cents a pound for spuds is the price to the grower this summer, according to the prediction of C. L. Schufeldt of the state bureau of mar-kets. He also states that there is a shortage of black-eyed and kidney beans and that 1000 acres on the Sunshine and Mulholland ranches have been planted to the nitrogenous foodstuff.

Lumber Company Incorporates

The Highway Lumber company has been incorporated at Burbank with a capital stock of \$25,000. Urania Fairburn, Charles W. Fair-burn and H. R. Colburn are named as the directors.

Madame Marie Curie, discoverer of radium, now visiting this country, was awarded the gold medal of the National Institute of Social Science recently. The award was made be-cause of the great benefit of her dis-covery to humanity.

Bible Summer School Plans To Be Outlined

Plans for a Bible Summer school to be held in Glendale will be formulated tonight at a meeting of pastors and others interested at the First Metho-dist church at 7:30 o'clock. A board of trustees for the school will be named and they will be vested with the power to en-gage a teacher.

Local Girls To Enter Typewriting Contest

Miss Evelyn Apple and Miss Grace Judd will represent Glen-dale Union High school in a state typewriting speed contest to be held tonight in conjunc-tion with the Los Angeles busi-ness show at the pavilion in Praeger park. These two girls are the choice of the local school's commercial department and undoubtedly will make a good showing as both are known to be extraordinarily nimble in typewriting.

Governor Stephens Is Urged To Take Action

James Rhoades, secretary of the Glendale Chamber of Commerce, is in receipt of the following from Frank Wiggins, secretary of the Los Angeles Chamber of Commerce:

"We understand legislature may adjourn without acting on reapportionment. Have wired following to governor and representatives at Sacra-mento: 'Please take action to stop the failure to reapportion rep-resentation in accordance with popu-lation. It is the most astounding action that has ever been brought to our attention. It strikes at the very foundation of our governmental ex-istence. We earnestly urge that you do everything in your power to bring about at the very earliest possible moment the just and equitable re-apportionment of representation.'"

Humanity can be divided pretty well in four classes; those that are nobody in particular and know it, those that are somebody and nobody else knows it, those that are nobody and advertise it, and those that are somebody and induce others to ad-vertise it.

**LARGE CROWDS ARE
PRESENT SUNDAY
AT TABERNACLE****EVANGELIST JOHN E. BROWN
GIVES PRACTICAL GOSPEL
ADVICE TO AUDIENCES**(Continued from Page One)
refer you," said the evangelist, "to
Christ's words found in Matthew's
gospel, 24:35: 'Heaven and earth
shall pass away, but my words
shall not pass away.' The Bible is
a favorite topic of mine. But it is
an inexhaustible one and when I
shall have finished this afternoon I
will but just have touched upon it."When I offered my services at
Berkeley a number of my friends
questioned whether or not the old
gospel appeal would interest the
young life of the students. But I
announced a special hour for them
at 5 p. m. A seating capacity of
about forty was provided as this was
thought to be as many as would at-
tend. The meetings opened, the at-
tendance grew and grew and grew,
until we had to change to larger and
larger quarters, and was one of the
richest experiences of my entire evan-
gelistic efforts. I spoke to them on
the authenticity of the Bible, the
Deity of Jesus Christ, the atoning
power of his sacrificial death, the im-
mortality of the soul, and then inter-
est increased from day to day."While there a higher critic de-
livered a public lecture in which he
declared that old-time evangelism
had lost its force and influence and
failed to longer attract men. His
audience numbered eighteen persons.
At the same time I was speaking to
audiences in our tabernacle of more
than 4000."The Bible is composed of sixty-
six books, written by thirty to forty
different authors from all the walks
of life and yet it contains a symmetry
that is remarkable—shows a divine
hand a master builder. If, when
the monument to Washington was
about to be erected and each of the
forty-eight states had contributed a
block of marble and upon their ar-
rival at Washington, D. C., it was
found that each and every one per-
fectly fitted into and became a part
of the structure would it not be-
speak a master mind.**Must Feel Its Power**"No man can really read the Bible
and not feel that it is the word of
God. The trouble is that most critics
fail to read it, and consequently are
grossly ignorant of its truths. Open
type of infidelity is dead, but a more
dangerous, insidious form is here. It
is in our pulpits and in our schools
and colleges. Is in the inside and
not on the outside as formerly. Be-
comes a menace to our nation. The
Bible is indisputable because it tells
us how the earth was made. There
are three explanations: First—that
it always existed; second—came by
chance; third—that it was created.
In the first verse of the first chap-
ter of Genesis is the correct answer.
'In the beginning God created the
heavens and earth.' It came from
the hand of God. The Bible is in-
dispensable because it tells us where
man came from. Not from fossils,
polywogs or monkeys. But turn
with me to verse 27, same chapter of
Genesis. 'So God created man in His
own image; in the image of God
created he him; male and female
created he them.' So man, like earth,
came from the omnipotent hand of an
almighty God.**Theory of Darwin**"You may believe in the theory of
evolution, if you please. That your
ancestors were monkeys and swung
in the branches by their tails, but I
have a better knowledge of mine. I
know better. In his book on the
theory of evolution Darwin uses this
expression some 800 times: 'We may
well suppose.' So far as I know no
scientists of any note believes in the
Darwin theory today. There may be
something in it, though, by the way
some church members like to go to
the circus and visit the monkey cage
first thing. Looking up their an-
cestors, no doubt. The successive
age theory of creation is equally ri-
diculous. Repudiated by science
some ten years ago, it is still taught
in some of our schools."It is much easier on the basis of
reason alone to believe the Bible
story of creation than the fantastic
theories of fossils, polywogs and
evolution. Man came down from
God and not up from monkeys. The
Bible is indispensable because it tells
of the origin and nature of sin.
How in the light of recent events
even here in California, intelligent
men and women can say there is no
sin, is a wonder. The blackest pages
of our history are records of sin.
Lastly, the Bible is indispensable be-
cause it tells of the rich provisions
to save man from its curse of sin;
all through the Old Testament runs
the scarlet thread of a promised
savior, and the New Testament tells
of the birth, the life and death, the
resurrection of the Savior, and its
accomplishment of the wonderful
plan of the gospel. From Genesis to
Revelation the Bible is the inspired
word of God."In the evening the largest audience
of any assembled to hear the evan-
gelist on "Crooked Paths." There
will be no services at all today.Evangelist Brown's Sunday eve-
ning sermon will appear, in part, in
the Evening News tomorrow.**Sent to you on
